

Vikas Kushwaha

Résumé

Full Stack Developer

December 11, 2024

EDUCATION

Annasaheb Vartak College

B.Sc. Computer Science (ongoing)

Vasai West, Mumbai

2022 – 2025

EXPERIENCE

2023

My Personal Website

(Hugo)

Hosting some studying material for B.Sc Computer Science students.

Scraping Exam Results

(AWK)

Scraped my exam result's PDF(s), extracted student's data and turned them into web pages.

2024

BITS24 Website

(Web)

Worked on organizing a Techfest event in our college whose website was build by me and my friends.

Cloud Maker Project

(Go)

IOT application for my semester 5 project whose documentation was done in LaTeX.

SKILLS

Web I have build various statics as well as dynamic sites using technologies like Nginx, Python+Flask, Go, etc.

IOT I personally own and have worked with electronics like Raspberry PI, Arduino Board and some sensors.

Linux I have used many distributions including Debian which I use on my VPS and my Raspberry PI device.

Scripting I have done more scripting than programming.

LANGUAGES

Front End	HTML	CSS	JS
Back End	Golang	Python	Bash
Database	MySQL	Oracle	MongoDB
Other	LaTeX	AWK	R
